

HEAVY-DUTY WHEEL LIFT SYSTEM

A LOW CEILING SOLUTION

Are you ready to expand your shop's lifting capabilities? This Heavy-Duty Wheel Lift system can help you do just that! Expect years of maintenance and worry-free lifting with a 100% air operated system.

Composed of two individual lifts, the system lifts one end of a vehicle at a time. Perfect for low ceiling shops, major component removal, and eliminating the need to remove aerodynamics from vehicles. The system also doesn't need a dedicated bay, making it perfect for any outdoor project.

FEATURES & BENEFITS:

- Built-in vehicle support stand feature allows complete open access under the vehicle.
- The portable design eliminates the need for a dedicated bay!
- Perfect for low ceiling shops!
